# CLASS DESCRIPTIONS

## PRE-SCHOOL CLASSES

**READY SET BALLET** (2 to 5 years) A magical ballet experience for budding ballerinas and ballerinos. Our mascot TWIRL will lead your little dancer through each step of the class, as they learn the fundamentals of ballet through props and imagination.

**READY SET DANCE** (2 to 5 years) A combo class of JAZZ, HIP HOP, MUSIC, SINGING and TAP for little groovers who love to jump and jive. Designed for both boys and girls, the program focuses on developing confidence, coordination and creativity.

**MINI & ME** (16 months to 3 years with carer) The perfect bonding session for a parent (or another carer) and their child. You and your tiny dancer will enjoy a class full of dance, games, fun and surprises, whilst you work together to develop fine motor skills and rhythm.

**MINI MOVERZ** (18 months to 5 years - under 3 years with carer) An energetic class full of tumbling, dance, games, and lots of fun for little ones. A perfect class to assist with the development of balance and hand/eye coordination.

## MAINSTREAM CLASSES

**ACRO** incorporates elements of gymnastics, jazz, and contortion. It teaches flexibility, balance, strength, and coordination. In this fun but challenging class, students will learn to do handstands, cartwheels and aerials, chest stands, elbow stands and walkovers.

**CHEERLEADING** involves a combination of dance, gymnastics, team acrobatics, pom-pom motions, chants and cheers, stunting, jumps and kicks! Your child will discover teamwork and confidence in this energetic class.

**CLASSICAL BALLET** is the most technical of all classes. It is recommended that all dancers enrol in a technique class such as this. The strength and control learned in this class is a valuable asset to any dance style.

**CONTEMPORARY** is basically classical ballet with the rule book thrown out! It is an expressionist form of dance and encompasses many facets of movement.

**HIP HOP** is the latest style of street dancing as seen in rap video clips - think Missy Elliot, Justin Timberlake and Beyonce! Students will be encouraged to apply their own styles and creativeness to the routines.

**JAZZ** is often associated with musicals such as Chicago or Fame, modern jazz is also the style used for pop concerts, opening ceremonies and music videos.

**LYRICAL** is a fusion of ballet and jazz dance techniques. It is an emotional dance style and portrays a story through every movement made.

**POINTE/PRE-POINTE** classes are additional to the regular ballet class. Dancing 'en pointe' or on your toes is a major goal in a ballerina's dance life. Pointe class may also be taken by students who are not yet on pointe to further develop and strengthen the muscles necessary to go on pointe.

**SINGSTARZ** is our resident singing program, designed to get you or your child pitch perfect! Lessons can be taken as a private, semi-private, or in a small group.

**STRETCH AND TECHNIQUE/KICKS, LEAPS AND TURNS** focuses on improving a dancer's muscular strength, flexibility, and endurance. Students work on their jump and turning skills which can be applied and adapted to suit all dance styles.

**SUPERSTARZ: ALL ABILITIES** is full of fun, fitness and friends for children with additional needs.

**TAP** was established by greats such as Fred Astaire and Gene Kelly, but today with groups such as the Tap Dogs, tap dancing has grown to be very funky.

**TUMBLING** is the ideal way to perfect your technique and skills for any of our cheerleading classes. Our tumbling program includes learning all floor tumbling skills, ranging from the basic handstand to back flips.
